have to offer.

The Life Center was organized in 1984 to offer assistance to women who find themselves in a difficult pregnancy.

The Center functions through counseling, with a pro-life format, which is persuasive, honest, informative and sensitive to the emotional needs of the woman. At the same time, the Center furnishes whatever assistance is necessary to help the young mother carry her baby to term.

Since the Center opened over forty years ago, thousands of women have come in for tests, counseling and help. The woman is presented with Judeo-Christian values and challenged to look carefully at her life and future.

There are many problems to be met and solved. At the Center, the woman is neither judged or censured. Instead, she is offered friendship and concern for her situation. She is assured the Center will continue to work with her as long as she feels she needs help.

In this free for all culture we live in, we are saying there is a better way. We are trying to reach out to our sisters and brothers, to challenge them to reconsider the popular attitude toward chastity and sex before marriage.

The record shows that women choose life when given accurate information and help to meet their needs.

We need volunteers, young, old, anyone who would like to work in an area where you will help save lives and walk with families that need you. Please contact us. You will be taught the ways of our work and find the rewards that only God can give!

The Life Center of New York is funded solely by private contributions. It is an independent, non-political, non-sectarian pregnancy distress center with approved status under IRS 501c(3). All contributions are tax deductible. The continued generosity of the public is essential to us if we are to continue our important and necessary work.

We Are Here to Help You

Why would a woman consider aborting her child?

Out of fear, shame, selfishness?

That child she is carrying will always be hers. The guilt and pain that she will experience is real and only the most insensitive person will not understand this.

We at the Life Center can offer a better way!!

- Emotional
- Spiritual
- Financial support throughout the woman's pregnancy, after the birth of the child and as long as the mom needs our help.

Free Pregnancy Tests

If positive, we can arrange for same-day enrollment in the hospital's pre-natal care program, free through PCAP if you qualify. Otherwise the cost is on a sliding scale, according to income.
